

# Salamander EVENTS PRO

## Event Access From Anywhere

Managing events has never been easier. Take the next step in event management and INTELLIGENT ACCOUNTABILITY™ with Salamander's EVENTS PRO, which provides increased accessibility, situational awareness, and management functionality. Easily view assignments in an easy-to-read ICS chart format, send email communications, manage all resources, and more.

## EVENTS PRO Benefits:

### ROSTER

- Email personnel within the event
- Edit event logs of personnel

### RESOURCE TIMER

- Quickly search personnel assignments
- Set timers for personnel to improve health and safety
- Know how long personnel have been assigned
- Export timer data into a .CSV report

### CHART

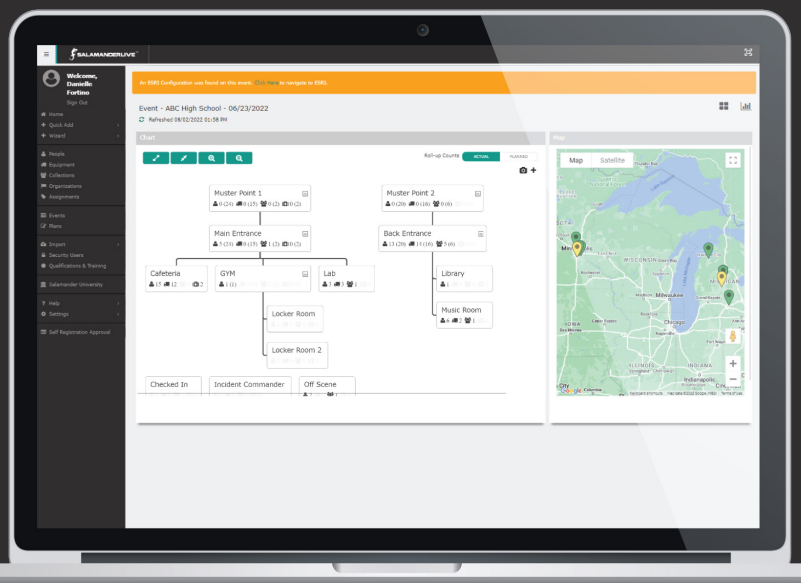

- Manage assignments in an ICS Chart format
- View and manage all resources (people, equipment, collections)
- Set assignment locations
- Take a snapshot image of the Chart

### GIS MAPPING

View location of assignments with EVENTS PRO in combination with plotting:

- Events
- All TAG APP Users (with GIS enabled)
- All TRACK APP Users (with GIS enabled)
- All ASSETS with an integrated geolocator
- All Resources checked into Assignments (available with ESRI Integration)
