SALAMANDER**LIVE**™

TAG

- Create TAGs for participants and attendees ahead of time based on pre-registration

- Quickly create TAGs on-the-fly for attendees and participants

- Choose various media types to print badges (wristbands, cards, labels, etc.)

- Quickly TAG attendees during an evacuation

TRACK

- Monitor in real-time all attendees and participants

- Utilize tablets and smartphones for mobile tracking

- Confirm scanned TAGs are valid and up to date

- Track the distribution of equipment, gear, and / or consumables to attendees

REPORT

- Pull comprehensive reports during the event to access real-time data and incident logs

- Once the event concludes, pull reports to view participation data

- Have visibility of who is still actively on-site and when everyone has checked out of the event location

- Quickly pull reports during an evacuation to easily reunite family and friends

EXAMPLES OF SALAMANDER IN USE

- **Scanning in attendees / participants**

- **Tracking equipment / inventory (phones, coats, luggage, etc.)**

- **Reporting on event costs**

- **Tracking physical location of attendees / participants**

- **Tracking incoming and outgoing of goods (food, donations, etc.)**

- Trade Shows
- Meetings
- Concerts

RECOMMENDED SOLUTIONS FOR EVENT MANAGEMENT

SalamanderLive is a scalable tool used to credential and account for all resources. Increase situational awareness during large-scale events or day to day activities with real-time reporting. Manage personnel and equipment profiles, qualifications, and upload documents. All information collected in the field syncs to SalamanderLive to create a common operating picture.

Administrative Accountability

- Personnel Management
- Qualification Management
- Organization Management
- Training Management
- Document Management

Event Accountability

- Plan / Event Management
- Plan / Event Reporting
- Pre-Credentialing
- Just-In-Time Accountability
- Collection Management

TRACK APP

TRACK resource assignment and location by scanning tags or downloading resources, view a common operating picture, and validate credentials.

INVENTORY APP

TRACK inventory issuance, returns, and auditing, while ensuring inspections, maintenance, expirations, etc. are never missed.

COMMAND

Analyze, manage, and reposition resources in a simple ICS chart view with drag-and-drop functionality.

RAPID TAG

Rapidly create event specific ID badges to TRACK all volunteers / mutual aid and download activity reports.

RAPID TAG EVAC

Quickly create evacuee IDs to instantly TRACK location, destination, special needs, and family connections.

PLANS

Pre-create event plan templates, including all assignments, people, and equipment.
