SALAMANDER**LIVE**™

TAG

- Create interoperable IDs to TRACK all responders, volunteers, patients, evacuees, civilians, and equipment

- Manage personnel qualifications, trainings, rostering, and medical data

- Create event specific ID's or credential resources for everyday use

- Remotely check-in and view resources on a map

- Supports NIMS federal standards

TRACK

- TRACK and timestamp all resource activity in real-time

- Utilize tablets and smartphones for mobile tracking

- Manage accountability in comms-in and comms-out environments

- Confirm that scanned credentials are valid and up to date

- Send field level data to SalamanderLive for off-scene accountability and detailed reporting
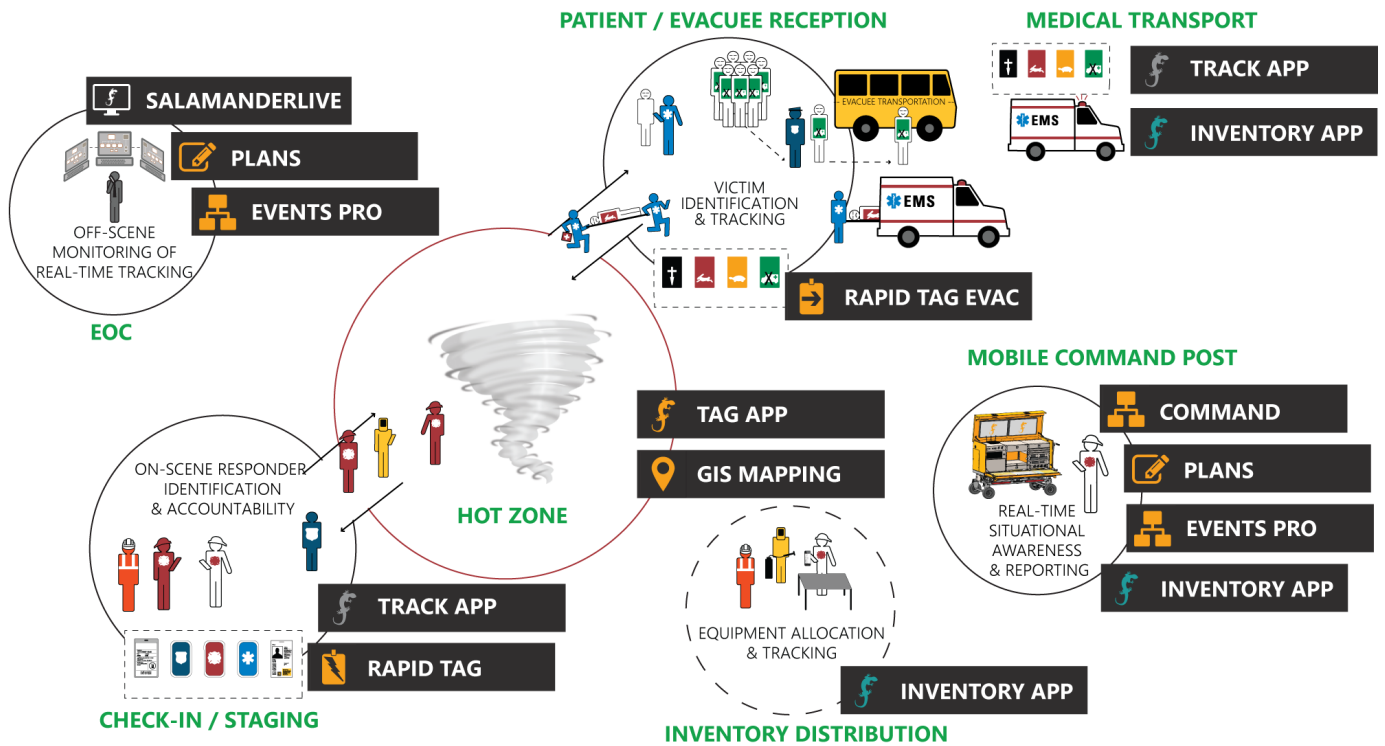

REPORT

- Provide comprehensive event logs with real-time activity and detailed reporting for debriefing

- Run real-time detailed reports on assets to get a complete picture of where they are, status, etc.

- Have situational awareness with off-scene activity

- Access evacuee reporting to reunify families during an event

EXAMPLES OF SALAMANDER IN USE

- **Tracking ICS Assignments of pre-credentialed responders at check-in locations during incidents and events**

- **Accounting for volunteers and mutual aid activity**

- **Establishing a common-operating picture for all response agencies**

- **Accounting for equipment and inventory issuance / return from supply areas**

- **Creation of accountability PLANS for future events and operational periods**

- Qualification Management
- Organization Management
- Training Management
- Document Management
- Asset Management
- Reporting

Event Accountability

- Plan / Event Management
- Plan / Event Reporting
- Pre-Credentialing
- Just-In-Time Accountability
- Collection Management
- Rostering
- Mutual-Aid Management

TAG APP

Allow personnel to check-in and check-out of events from their personal phone. View real-time whereabouts on GIS maps.

TRACK APP

TRACK resource assignment and location by scanning tags or downloading resources, view a common operating picture, and validate credentials.

INVENTORY APP

TRACK inventory issuance, returns, and auditing, while ensuring inspections, maintenance, expirations, etc. are never missed.

COMMAND

Analyze, manage, and reposition resources in a simple ICS chart view with drag-and-drop functionality.

RAPID TAG

Rapidly create event specific ID badges to TRACK all volunteers / mutual aid and download activity reports.

RAPID TAG EVAC

Quickly create evacuee IDs to instantly TRACK location, destination, special needs, and family connections.
