

## TAG

- Create interoperable IDs to track all officers and teams (i.e. specialty teams and K-9 units)
- Manage personnel certifications, credentials, and rostering
- Create event specific ID badges / credentials for pre-planned events
- Remotely check-in and view resources on a map for up-to-the-minute updates on resource locations

## TRACK

- Utilize tablets and smart phones for mobile tracking
- Confirm that scanned credentials are valid and up to date
- Automate event development and initial asset tracking with CAD integration
- Provide perimeter security for crime scenes, events, and other sensitive areas

## REPORT

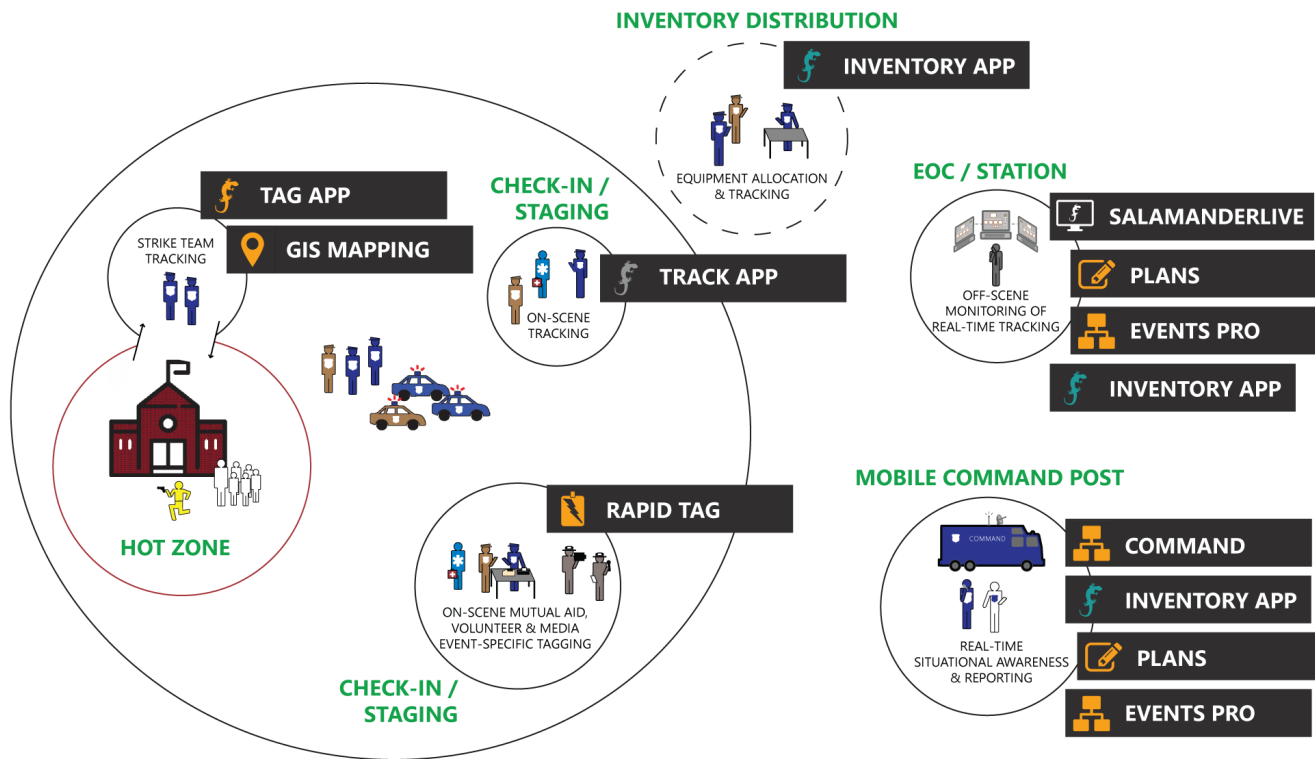

- Provide comprehensive incident logs with real-time activity and detailed reporting for debriefing
- Have situational awareness with off-scene activity
- Pull reports on evidence to track when it was collected, used, returned, and by whom

## EXAMPLES OF SALAMANDER IN USE

- Tracking officers at check-in locations during incidents and events
- Accounting for equipment and inventory issuance, return, maintenance, etc.
- Creation of accountability PLANS for future events and operational periods
- Establishing a common-operating picture for all accountability officers
- Managing officer qualifications and training
- Generating accurate incident / event cost reports

# RECOMMENDED SOLUTIONS FOR LAW ENFORCEMENT

SalamanderLive is a scalable tool used to credential and account for all resources. Increase situational awareness during large-scale events or day to day activities with real-time reporting. Manage personnel and equipment profiles, qualifications, and upload documents. All information collected in the field syncs to SalamanderLive to create a common operating picture.

## Administrative Accountability

- Personnel Management
- Qualification Management
- Organization Management
- Training Management
- Document Management
- Asset Management

## Intelligent Accountability

- Plan Management
- Event Management
- Plan / Event Reporting
- Pre-Credentialing
- Just-In-Time Accountability
- Collection Management

## TAG APP

Allow resources to check-in and check-out of events from their personal phone. View real-time whereabouts on GIS maps.

## TRACK APP

TRACK resource assignment and location by scanning tags or downloading resources, view a common operating picture and validate credentials.

## INVENTORY APP

TRACK inventory issuance, returns, and auditing, while ensuring inspections, maintenance, expirations, etc. are never missed.

## COMMAND

Analyze, manage, and reposition resources in a simple ICS chart view with drag-and-drop functionality.

## RAPID TAG

Rapidly create event specific ID badges to TRACK all volunteers / mutual aid and download activity reports.

## RAPID TAG EVAC

Quickly create evacuee IDs to instantly TRACK location, destination, special needs, and family connections.
